

INTEGRATED SILICON SOLUTION, INC.

Process Change Notification

Date: October 2, 2019

Change Notification No. 32-pin SOJ EOL

From: ISSI-Integrated Silicon Solution, Inc.

Products Affected:

IS63LV1024
IS63LV1024L
IS61C1024AL
IS63WV1288DBLL

This notification is to inform customers that ISSI is phasing out the 1Mb SRAM product with a 32-pin 400-mil SOJ package. ISSI has been supporting this package type for more than 25 years. As more customers use alternative package types with smaller footprint for new designs, the demand for 400-mil SOJ package has tapered down.

Please contact ISSI sales regarding last-time-buy orders. Please note that all orders are non-cancellable and non-returnable. ISSI is still committed to supporting 1Mb SRAM parts in alternative package types.

<u>Affected Part Numbers</u>		<u>Alternative Part Numbers</u>	
400-mil SOJ Package	300-mil SOJ Package	400-mil TSOP (Type-II) Package	sTSOP (Type I) Package
