

## Product Change Notification

---

**Notification Date:** March 9, 2015

**Product Change Notification  
Number:** 1062

**Affected Part Numbers:** See Attachment I

**Description of Change:** The TC634 phototransistor is presently used to manufacture the affected products. An alternate phototransistor ES634 is being added to the affected product bill of material.

**Change Identification:** Date code 1511 and forward.

**Reason for Change:** Optek has tooled and qualified the ES634 to be an alternate to the TC634. The ES634 is fabricated at a different location and will ensure a continuous supply of this type of phototransistor.

**Expected Impact:** There is no impact to the form, fit, function, quality, or reliability of the affect product.

**Implementation of Change:** The change is being made with immediate effect.

**Cessation of Present Process:** Optek will continue to use the TC634 phototransistor.

**Assessment:** The ES634 qualification and reliability reports are available upon request. Samples of the product with the ES634 phototransistor are available upon request.

**Product Change Notification Authorization:**

**Mike King**  
Global Director of Engineering  
Optoelectronics Business Unit
